- 24th of March 11.30am

Please see next page for more NAPLAN
information

At South Street Primary School we grow people who:

Are creative, curious and independent learners. Are resilient and problem solve when faced with challenges. Respect and care about themselves, each other and the world in which we live.

We acknowledge the Gunai Kurnai people as
traditional owners of this land and pay our respects to
elders both past and present.

NAPLAN

Term 2, Week 3: 10th – 13th of May

NAPLAN is an annual assessment for all students in Years 3, 5, 7 and 9. It tests the types of skills that are essential for every child to progress through school and life. The tests cover skills in reading, writing, spelling, grammar and punctuation, and numeracy. The assessments are undertaken every year in the second full week in May.

In 2022, we will be testing from May 10th to May 13th with possible catch up testing to occur on May 16th.

Our Grade 3 and 5 students will have the following test schedule:

10th May Tuesday morning: Writing

11th May Wednesday morning: Reading

12th May Thursday morning: Language Conventions (spelling, grammar and punctuation)

13th May Friday morning: Numeracy

It is incredibly important that all students sitting NAPLAN tests to be on time during this week

International Women's Day 2022

The 8th of March was International Women's Day; a global day, celebrating the achievements of women around the world. Today, South Street Primary School celebrated the impact of women in the school community (Leadership, Teachers, Education Support and Reception staff) and their contributions to supporting the education and development of the young people in our school.

It is important for us to acknowledge and celebrate the opportunities that young women in Australia have to education. Many girls and women around the world are denied access to education, which can limit their opportunities to independence and choices in adulthood.

The theme of International Women's Day 2022, is #BreakTheBias. Whether it is on purpose or not, bias makes it difficult for women to move ahead in life, if they are disadvantaged.

The South Street staff team (both women and men) have joined the campaign and are showing our support to girls and women around the world who don't have the same access to health, personal and family safety, financial security, the right to choose who we marry and equal opportunity to employment and leadership.

South Street Primary School would like to acknowledge all of the mothers, grandmothers, female carers and other significant women in our students' lives who support them to grow and develop into adults who respect 'all groups of people' despite their gender, culture, age, language and religious differences.

GENDER INEQUALITY IN EDUCATION

Around the world, there are at least **34 million** girls of primary school age out of school, compared to about **28 million** boys.¹

15 million girls of primary school age will never have the opportunity to learn to read and write in primary school, compared to about **10 million** boys.²

'At least **60%** of the world's countries have fewer girls enrolled in secondary education than boys.'²

(Please note: SSPS will acknowledge and celebrate International Men's Day in November)

Canteen Update
