Principal's News....

I have some exciting and sad news, I would like to inform the South St school community that I will be finishing at South St PS at the end of this term, Friday 24th June. I have been successful in gaining a Principal position in Queensland which I will begin on the first day of term 3 (1st July).

It has been a great privilege to have been Principal of South St PS for the past 8 years. I would like to thank all the students, parents, and families for their support over this time. I am going to miss all of you, and it is not going to be easy to say goodbye.

The school is a fantastic place to work, and I have appreciated the opportunity to lead the school community.

The school has so many wonderful staff, programs, and positives to build on.

Going forward the school and its community will continue to build as a great school. I am currently working with the regional leader on my replacement for term 3.

More information will be provided when it is known what is happening.

Mr Tactor

At South Street Primary School we grow people who:

Are creative, curious and independent learners. Are resilient and problem solve when faced with challenges. Respect and care about themselves, each other and the world in which we live.

We acknowledge the Gunai Kurnai people as traditional owners of this land and pay our respects to elders both past and present.

School news

Every 4 years the school goes through an external review conducted by the Department of Education. Recently we reflected on the past 4 years of South St and the success we have had during that time. This report will be made public after the review process.

Our successes and highlights

Our Naplan growth data for reading from year 3 to 5. Our above benchmark growth was 46% of children compared to 29% for similar schools, 26% for the region and 27% for the state. Over 4 years of the strategic Plan our average above benchmark growth was 32%.

Our Attitudes to School survey (student survey Years 4 – 6). Students have connection with an adult at the school is at 90% positive, High expectations for success at 93% and sense of inclusion at 90%. The review stated that these were excellent compared to other schools she has been involved with.

Also the review mentioned an average of 75% of our children through the student survey said they have not experienced bullying (in the question it states in the last month). This is good compared to other schools. The other pleasing factor was that our children say if they experience bullying it is dealt with by the staff.

Our staffing set up with ES in every classroom, extra behaviour support and the wellbeing staff support .

WE WANT YOU FEEDBACK - PARENT FEEDBACK

Tomorrow we are holding a feedback session for parents to be able to discuss what they love about South St PS and what we can do to make an even better school.

This session will be in the staff room at 8:45. MORNING TEA will be provided.

If you are unable to make the session and would like to provide feedback, the questions have been uploaded on Sentral with today's snippets (see next page). You can complete the attached form or email you responses back to the school.

The questions are:

Reasons for choosing South St PS and what are the things you think the school does well?

How does the school provide you with feedback about your child's learning? And are there other ways you would find beneficial?

It is easy to communicate with the school and how could communication between the school and/or teachers be improved?

In what ways is your child/ren supported in their learning and wellbeing?

Do you have any suggestions that would improve the school?
